

Hello Friends...

Sewing is something that can be done rain or shine! We sure are getting an abundant supply of rain, to the point of being overstocked! On the farm, the frequent rains makes it challenging to put in dry hay. Our first cutting is all harvested and we are ready to begin second cut.

In the sewing shop, new and exciting things are happening! **BERNINA Best Price Of The Year Sale on the B330 & B350 is in full swing.** The B350 Special Edition comes with full shank presser feet like the big machines and is available in a fancy or regular face plate. The upgrades for the B790 & B880 are beginning to arrive! Internet access is needed to install the upgrade. As always, we are happy to install the upgrade for you.

We are working very hard in our technical department to have the wait time to have your machine serviced at a minimum.

Currently wait time is up to 5 days.

In our fabric department we are having a **SKINNY BOLT SALE - 20% OFF WHEN YOU FINISH ANY BOLT OF FABRIC IN STORE.** Skinny bolt sale ends August 12, 2017
